

Ark Alexandra Academy

NQT or Trainee Teacher of Science

We are currently looking for a **SCIENCE TEACHER** at Ark Alexandra Academy.

This is an exciting opportunity to join the academy following approval from the DfE for a merger of Ark Helenswood and Ark William Parker from September 2019, both previously single sex schools which will come together as one co-educational school. Both schools have worked well together and have achieved impressive results in their combined Sixth Form: top 15% nationally for progress.

We are seeking a teacher who is enthusiastic, energetic and ambitious to join our well qualified, committed staff. You will be joining a Science Department who are determined to deliver outstanding teaching and learning in order that we achieve excellent academic results for our students.

As the ideal candidate you will:

- be committed to raising attainment in a challenging classroom environment
- have excellent leadership and management skills
- have a resilient character and a strong personal drive
- an unwavering determination to work with students of all abilities
- be committed to continually improving classroom practice
- A desire to deliver enrichment activities after school
- be committed to Ark's ethos of high expectations and no excuses.

Support and [professional development](#) are a priority at Ark Alexandra Academy. We have coaching and collaboration which means that your practice is constantly developed alongside weekly training sessions that are tailored to you. We are committed to ensuring all staff have access to a comprehensive programme of professional development and currently dedicate one afternoon to training sessions on a weekly basis. We invest in our teachers through coaching, training and career planning. We want you to be the best teacher so that our students receive the very best learning and progress.

Alexandra Academy is part of Ark, an international charity and one of the UK's most successful multi-academy trusts, with a network of 35 schools in 4 locations across the country. Benefits of being part of the Ark network include:

- Twice as many training days as standard and network-wide events with Ark colleagues, held by the best minds in education
