

Dear Parent/ Carer/Student

Thursday 2nd December 2021

After School Intervention Programme

I would like to firstly congratulate all the students over these past few weeks in terms of how well they have done during the Mock exams. These exams are a way of preparing the students for the real GCSE exams in the summer. As a result of the grades that the students have received, we know that there are students who will need some support in ensuring that they can improve on their results from these mock exams.

As such, your child has been selected to attend after school intervention sessions that will be starting next week. These sessions will enable your child to gain extra support that will in turn will help them improve on their grade they achieved in the mocks. **It is imperative that your child attends all the sessions, and we would really appreciate your support in highlighting the importance and benefits of these.** Please see below details of the session that your child has been invited to:

Subject- Maths

Day- Monday's

Times- 3:15-4:15pm

Meeting place for 1st session- Lower Canteen

These sessions will run until the next set of mocks, at the end of February, where we will then evaluate the progress that has been made. We will then assess which students will still need to continue with the intervention.

It is a proven fact, that those with great attendance tend to improve by at least a grade from their starting points. We also find that pupils with high attendance benefit the most from the programme, both in terms of academic attainment and improved confidence. This is now the time for the students to act on gaps in their learning and to strive to improve their grades and reach their potential and beyond. This will only happen if students are committed to their learning.

If you have any further enquiries, please do not hesitate to contact me at g.morris@arkalexandra.org

Thank you for your support.

Yours sincerely

Mr G Morris

Director of Careers, Destinations and Year 11 Outcomes
