

Online Apps and Websites to Support Home Learning

These are unusual circumstances. We know that it is not possible to replicate the school environment at home, but we would like to share with you some websites and apps that we believe can support your child’s learning while at home. These resources can also help to keep your children’s minds active and have some fun. The long list of websites divided by subject has been created by the Ark Alexandra subject departments and so should reflect the curriculum studied in school.

It is also important to limit the amount of time that your child spends online. The table below can help you to set limits on how much “screen time” your child has each day. We have previously shared ‘non-screen’ based home-learning activities.

	<p>BBC Bitesize</p> <p>https://www.bbc.co.uk/bitesize</p> <p>Provides a range of games, videos and other activities for all subjects that your child is learning at school including art, English, French, geography, history, maths, music, PE, science and citizenship. The BBC have improved and revamped their home learning material across all of their platforms in response to the Covid 19 school closures.</p>
	<p>Pobble 365 Suitable for KS3</p> <p>http://www.pobble365.com/</p> <p>This website provides a brand new picture every day along with questions and discussion ideas, as well as a range of writing activities that your child can do.</p>

	<p>Seneca Learning https://www.senecalearning.com/ Seneca is an online platform that allows students to work through learning materials at their own pace, providing quizzes to check their learning as they go through. An excellent resource to support revision.</p>
	<p>Hegarty Maths https://hegartymaths.com/ Hegarty Maths is used in our school to support learning in maths. Your child will already have a username and password for this, and their teacher will continue to set work that they can complete.</p>
	<p>Ted Ed https://ed.ted.com/ This website has a range of videos that students can watch. Each video is accompanied by a series of questions that your child can answer, a discussion question that you could talk to them about, as well as links to other websites and information if they want to find out more about the topic.</p>
	<p>Duolingo https://www.duolingo.com/ This website (and app) is a great way to practice and revise the modern foreign language that your child is learning at school.</p>

<p>Art and Photography</p>	<p>https://www.smashingmagazine.com/2009/07/35-beautiful-photography-websites/ - List of Artists/Photographers to be inspired by</p> <p>https://petapixel.com/2016/09/14/20-composition-techniques-will-improve-photos - Composition of the camera</p> <p>https://www.youtube.com/watch?v=dVzKvfgKIEA - Photoshop tutorial</p>
<p>Business studies</p>	<p>http://www.beebusinessbee.co.uk/ https://www.tutor2u.net/business https://www.businessed.co.uk/</p>
<p>Child Care</p>	<p>www.education.gov.uk www.foundationyears.org.uk www.earlyyearsmatters.co.uk/eyfs/a-unique-child/play-learning/ http://www.earlyyearsmatters.co.uk/eyfs/positive-relationships/key-person-attachment/ http://www.playengland.org.uk/media/120426/free-play-in-early-childhood.pdf</p>
<p>Digital Technology</p>	<p>http://web.cs.wpi.edu/~matt/courses/cs563/talks/smartin/int_design.html https://www.usability.gov/what-and-why/user-interface-design.html https://en.wikipedia.org/wiki/Principles_of_user_interface_design http://bokardo.com/principles-of-user-interface-design/ http://www.blog.designn.org/udara/designing-user-interface-5-ste</p>
<p>English and Drama</p>	<p>https://www.digitaltheatreplus.com/education</p> <p>https://www.talkthetalkuk.org/resources Here you can download a pack of oracy activities specifically designed to support home learning.</p> <p>https://openlibrary.org/</p> <p>https://schoolreadinglist.co.uk/</p>

	<p>The National Theatre Collection: Your access details are: https://www.dramaonlinelibrary.com Username: 7Fs)9Sk# Password: 7Zi.5Tj\$</p> <p>(The Log in button is in the top right-hand corner of the landing page. Please insert your username and password to left-hand option of the login pop-up.)</p> <p>Please ensure you are typing the credentials in rather than copying and pasting them as this can insert invisible spaces which invalidate the details. These should be entered under the 'access log in' and not the 'personal log in'. If you have any difficulties please test in another browser as some are known as having issues.</p> <p>You are free to share the details with relevant staff and students, but they must not be offered to anyone external to your institution or posted on social media. Please inform them of this important information.</p>
