

2nd March 2021

Dear Parents / Carers of Year 10 students

Re: Year 10 return to school & lateral flow testing on Wednesday 10th March

The schedule shows what time students should arrive on the 10th for their lateral flow test. Once students have had their test, they will wait 30 minutes, outside with their form tutor, until their result is known. All students should return to school for their test **in uniform**.

They will then go into a 1-hour tutor session, during which tutors will take students through the expectations for return to school and answer any concerns your child may have. Students will then be free to leave after their tutor session. **The school will resume, as usual, for year 10 students from Thursday 11th.**

The second test will take place on Monday 15th March, and their third and final test will be on Thursday 18th March. A home lateral flow test kit will then be given to year 10 students to bring home and continue weekly testing.

When students arrive on Wednesday 10th at their usual entrance, they will be directed to the test centre. They will be met by their tutor /Head of Year and a register taken. They will then enter the test centre at their allocated time slot and begin the registration and testing process. When they exit the centre, their tutor/Head of Year will wait with them outside until their result is given. The students will then be led into the building for their tutor time. Following their tutor time, they will be escorted to the exit to leave.
