

Dear Parents/Carers,

I am writing to inform you that we are giving each of our year 11 students a Science Revision and Practise workbook to take home. Feedback from parents has always been that they would like to see what their children are studying and be able to assist them at home. This guide will do just that and help you to support your child in their learning.

The revision guide will support your child throughout this year. I will be asking the Science team to set homework from these revision guides and later this term I will write again with the revision list ready for the November mock exams.

Please note that the content meets all three GCSE Sciences specifications. Double students have received one book with all three Sciences in, and Triple students have been given three separate books.

I also recommend the website 'AQA GCSE Science BBC Bitesize' as a resource to help their learning. It can be accessed using the following website links.

Double students-

Combined Trilogy - <https://www.bbc.co.uk/bitesize/examspecs/z8r997h>

Triple students-

Biology Single - <https://www.bbc.co.uk/bitesize/examspecs/zpgcbk7>

Chemistry Single - <https://www.bbc.co.uk/bitesize/examspecs/z8xtmnb>

Physics Single - <https://www.bbc.co.uk/bitesize/examspecs/zsc9rdm>

I would also like to take this opportunity to inform you that students regularly receive formative assessment pieces to help ensure they are on track in Science. If there are areas of work that need to be addressed, this is then completed with reteach in class. Therefore, students will be guided to work further on areas they may be finding more challenging and can then complete extra practise at home with these workbooks.

Please use these books for homework help and in case of any unfortunate illness or time off. The current topics our year 11 are studying is as follows:

B13 Reproduction

B14 Variation and Evolution

C12 Chemical Analysis

C13 The Earth's Atmosphere

P10 Force and Motion

P12 Wave Properties

Principal: Mr L Collins
Regional Associate Principal: Ms V Cockram
Network Associate Principal: Mr J Scafe

Thank you so much for your time and for supporting your child with the final year of their GCSE studies.

Kind regards,

Miss McCall
Head of Science
Ark Alexandra Academy
